

Active Learning

Interactive group sessions focused on:

Effective communication

Leading by example & mentoring

Problem solving

Teambuilding

Working as a group

Handling conflict

Program Details:

Sessions involve experiential learning techniques designed to increase participation. Each day includes: Hands-on interactive activities that bring about opportunities for relevant discussion. Facilitated discussions may relate to group goals, school, family situations or individual needs. Multi- day sessions are ideal for youth at risk, alternative education groups, student leadership groups and any group looking for a unique learning program.
